Subject: CES Update

Hi Gary,

Here is an update for you to provide to US Congresswoman Sheila Jackson Lee's office, and we will let you know when we get additional information and updates:

Regarding the CES site in Houston, a potentially responsible party (PRP) group has expressed interest in taking the site to the TCEQ's Voluntary Clean-Up Program (VCP), and discussions between the PRP Group and the bankruptcy trustee are ongoing. If an agreement is reached between the parties it will require approval by the bankruptcy court.

Thanks, Monica
